

KEIM Putzgrund (Plaster base)

1. Product description

KEIM Putzgrund is a siliceous base coating with a rough surface and good filling and covering properties.

2. Field of application

KEIM Putzgrund is suitable for interior and exterior application. KEIM Putzgrund serves as a base coat for KEIM Brillantputz on old and new plasters of mortar groups PII und PIII and on gypsum plasters and gypsum plasterboards in interiors. KEIM Putzgrund reduces the absorbing capability of the substrate and increases the open time of KEIM Brillantputz. The rough surface with good grip enables optimum processing of KEIM Brillantputz, even on very smooth substrates. Furthermore, KEIM Putzgrund must be used as a primer for KEIM Indusil groove plaster structure to prevent the substrate from shining through.

3. Product properties

Material characteristics

- Density: 1.42 g/m³
- Vapour diffusion resistance (s_d-value): 0.02 m

4. Application instructions

Substrates

Substrates must be even, sound and dry. Allow new base plasters to harden for at least 14 days!

Application

If required, dilute KEIM Putzgrund with KEIM Spezial-Fixativ (maximum 10%). Apply evenly using a brush or roller.

Application temperature

Not below + 5° C air and substrate temperature

Consumption

Approx. 0.3 kg/m²

Cleaning of tools

Clean with water immediately after use.

5. Packaging

5 kg and 25 kg containers

6. Storage

Approx. 12 months if kept cool and frost-free

7. Hazardous substances ordinance class

n/a

8. Transport hazard class

n/a

9. Disposal

EC Waste Code No. 08 01 12

Any residues must be emptied out of containers before recycling.

10. Safety instructions

Provide appropriate protection for surfaces which are not to be coated (e.g. glass, ceramics, natural stone, etc.). Protect the eyes and skin from splashes. Keep out of reach of children.

Product code: M-SK 01

The stated values and properties are the result of extensive development work and practical experience. Our recommendations for application, whether given verbally or in writing, are intended to provide assistance in the selection of our products and do not establish a contractual relationship. In particular, they do not release those purchasing and applying our products from the duty of establishing for themselves, with due care, the suitability of our products for the intended application. Standard building industry practices must be complied with. We retain the right to make modifications to improve the products or their application. This edition supersedes all earlier editions.
